

# Biological Floor Cleaner

## PRODUCT DESCRIPTION

Daily and restorative floor cleaner with residual bacterial/enzymatic activity for continued elimination of troublesome greases and oils. Use on all hard surface floors. Concentrated formulation quickly attacks floor grease, oil and other soils. Excellent results on grout and quarry tile floors. Surfactants and penetrating agents loosen and lift soils during the initial phase of cleaning. Selected bacterial package works during and after the initial cleaning operation.

## DIRECTIONS

1. Remove cap from bottle to expose SaftFlo™ bottle insert.
2. Place Portable Dispensing Unit onto neck of the bottle.
3. Turn the Portable Dispensing Unit collar to tighten.
4. Attach your water source to the back of the Portable Dispensing Unit.
5. Turn water on.
6. Depress lever down to begin filling.
7. Release lever when filled to desired level.
8. When finished filling, turn off water.  
Disconnect the Portable Dispensing Unit from the water source.

## FEATURES

- Bioenzymatic cleaner for all surfaces
- Effective on food service floors and grout
- Fast acting on grease, oil and organic soils
- Residual activity continuously attacks grease and oil in pores, grout, cracks and crevices
